		<p>"Needle Arts", also known as "Fiber Arts" are entries that are primarily a fiber creation (yarn, thread, and/or cloth). As the name implies, entries are created, at least in part; by the use of a needle. They may be embellished, painted and/or framed as necessary for proper display. These entries are NOT predominantly made of wood, metal, plastic, etc. Framed entries should be "ready to hang" with a wire and will be hung for display from a wire gird via an "S" hook.</p>
